

## Justin G. Boyles, Ph.D.

18 February 2019

Department of Zoology  
Southern Illinois University  
jgboyles@siu.edu  
www.boyleslab.com

---

### CURRENT POSITION:

Associate Professor, Cooperative Wildlife Research Laboratory, Department of Zoology, University of Southern Illinois Carbondale (2018-Present)

Assistant Professor, Cooperative Wildlife Research Laboratory, Department of Zoology, University of Southern Illinois Carbondale (2012-2018)

### PREVIOUS POSITIONS:

Post-Doctoral Research Fellow, University of Tennessee, Knoxville. Hosts: Drs. Gary McCracken and Tom Hallam (2011-2012)

Post-Doctoral Research Fellow, University of Pretoria, South Africa. Host: Professor Andrew E. McKechnie (2009-2011)

### EDUCATION:

Ph.D. in Biology, Indiana State University, Terre Haute, Indiana, 2009

M.S. in Biology, Missouri State University, Springfield, Missouri, 2004

B.S. in Ecology, Evolution and Systematics, Missouri State University, Springfield, Missouri, 2002

### RESEARCH INTERESTS:

**Major topics:** Conservation physiology; global change biology; physiological ecology; disease ecology; agroecology; wildlife management; ecosystem services

**Current interests:** Responses of wild animals to anthropogenic stressors; evolution of thermoregulation; thermal ecology and energetics of animals in stressful environments; experimental methods in field studies; microclimate selection; hibernation, migration, conservation, and ecology of bats

### PUBLICATIONS:

1. **Boyles, J. G.** *In Revision*. A primer of methods for describing body temperature in endotherms. *Physiological and Biochemical Zoology*.

2. Warne, R. W., S. G. Baer, and **J. G. Boyles**. *In Press*. Community physiological ecology. Trends in Ecology and Evolution.
3. **Boyles, J. G.**, J. Swart, N. C. Bennett, W. Ferguson, J. R. Speakman, and D. M. Scantlebury. *In Review*. Energetics suggest cause for even further conservation concern for Temminck's ground pangolin.
4. Warne, R. W., Cravens, Z. M., J. C. Parrott, L. J. Kirschman, and **J. G. Boyles**. *In Review*. Complex life cycles determine windows of vulnerability to emerging diseases.
5. Bailey, L. A., R. M. R. Brigham, S. J. Bohn, **J. G. Boyles**, and B. Smit. *In Revision*. An experimental test of the Allotonic Frequency Hypothesis to isolate the effects of light pollution on bat prey selection. *Oecologia*.
6. Baloun, D. E., Q. M. R. Webber, L. P. McGuire, **J. G. Boyles**, A. Shrivastav, and C. K. R. Willis. *In Revision*. Testing the "fasting-while-foraging" hypothesis: effects of recent feeding on plasma metabolite concentrations in bats. *Physiological and Biochemical Zoology*.
7. McGuire, L. P., **J. G. Boyles**, and R. M. Brigham. *In Review*. Low apparent site fidelity in Common Nighthawks.

**POPULAR BOOK:**

1. **Boyles, J. G.**, J. C. Timpone, and L. W. Robbins. 2009. *Bats of Missouri*. Indiana State University and the Center for North American Bat Research and Conservation. 60 pp.

**RESEARCH GRANT SUPPORT:**

- 2017 National Science Foundation for “Community (physiological) ecology: linking consumer homeostatic physiology and behavior to plant community dynamics”. Warne, R. W. and **J. G. Boyles**. \$200,000
- 2017 National Fish and Wildlife Foundation and Bat Conservation International for “Manipulating microclimates to reduce disease severity from White-nose Syndrome”. McGuire, L. P., **J. G. Boyles** (Co-PI with McGuire), and W. F. Frick. \$381,846
- 2015 Missouri Department of Conservation for “Assessment of bat communities in lightly surveyed parts of Missouri”. **Boyles, J. G.** \$146,000
- 2015 Indiana Department of Conservation for “Analysis of microclimates in Indiana bat hibernacula” **Boyles, J. G.** and E. Boyles. \$15,000
- 2014 US Fish and Wildlife Service for “A regional-scale assessment of autumn migration and swarming movements of Indiana bats (*Myotis sodalis*) and northern myotis (*Myotis septentrionalis*) in the Indiana bat Midwest Recovery Unit”. **Boyles, J. G.**, L. P. McGuire (Co-PI with Boyles), P. M. Cryan, A. Kurta, M. P. Ward, and V. Brack, Jr. \$231,749
- 2014 US Fish and Wildlife Service for “A regional-scale assessment of spring migration and swarming movements of Indiana bats (*Myotis sodalis*) and northern myotis (*Myotis septentrionalis*) in the Indiana bat Midwest Recovery Unit”. **Boyles, J. G.**, L. P. McGuire (Co-PI with Boyles), P. M. Cryan, A. Kurta, M. P. Ward, and V. Brack, Jr. \$55,000
- 2014 US Park Service for “Migratory pathways and molecular ecology of Myotis bats in Wrangell-St. Elias National Park”. McCracken, G. F. and **J. G. Boyles**. \$71,430
- 2014 APEX Clean Energy and USFWS for “Autumn migration of Indiana bats (*Myotis sodalis*) and northern myotis (*Myotis septentrionalis*) in eastern Illinois—potential implications for wind energy development”. **Boyles, J. G.** and L. P. McGuire. \$35,607
- 2014 SIU Faculty Seed Grant Program (OVCR) for “Experimental evaluation of changes in community-level processes caused by climate change”. **Boyles, J. G.**, M. W. Eichholz, and C. I. Hatziaioniu. \$40,000
- 2013 National Geographic for “Going the distance: does heterothermy facilitate long-distance migrations in goatsuckers?” McGuire, L., **J. G. Boyles** (Co-PI with McGuire), and R. M. Brigham. \$20,000
- 2013 Illinois Department of Natural Resources for “Evaluating hibernating physiology of endangered Indiana bats, a cavernicolous species affected by White-nose Syndrome”. **Boyles, J. G.** \$23,386
- 2013 Bat Conservation International for “Top-down suppression of herbivory by bats in agroecosystems”. **Boyles, J. G.** and J. J. Maine. \$45,774

- 2012 US Fish and Wildlife Service for “Pre- and post-White nose syndrome survival of bats assessed using passive transponders on a continental scale”. Willis, C. K. R., H. Broders, **J. G. Boyles**, W. Frick, J. Foster, and M. Kilpatrick. \$173,913
- 2010 Journal of Experimental Biology for “The interactive effects of food availability and temperature on heterothermy in endotherms”. **Boyles, J. G.** \$1,300
- 2009 British Ecological Society for “The optimal expression of heterothermy under varying ecological scenarios”. **Boyles, J. G.** (Co-P.I. with McKechnie) and A. E. McKechnie. \$11,560
- 2008 United States Fish and Wildlife Service for “Can artificial thermal refugia reduce mortality associated with white-nose syndrome?” Willis, C. K. R., **J. G. Boyles** (Co-P.I. with Willis), M. Timonin, K. Jonasson and T. D. Parkinson. \$28,081
- 2008 New York Department of Environmental Conservation for “Evaluating the energetic effects of white-nose syndrome on hibernating cave bats”. **Boyles, J. G.** (P.I.), D. W. Sparks, J. J. Storm and V. Brack, Jr. \$5,000
- 2007 Indiana State University, Office of Information Technology for “Recording of behavior and habitat selection of hibernating bats with a remote monitoring system”. **Boyles, J. G.** (Co-P.I. with Whitaker), J. O. Whitaker, Jr., V. Brack, Jr., and D. W. Sparks. \$6,600
- 2006 Indiana Academy of Science for “The thermal benefits of clustering in the federally endangered Indiana bat”. **Boyles, J. G.** \$2,740
- 2006 United States Fish and Wildlife Service for “The thermal benefits of clustering in the federally endangered Indiana bat”. **Boyles, J. G.** (P.I.) and V. Brack, Jr. \$1,000

#### FELLOWSHIPS AND MAJOR AWARDS:

- 2010-11 Claude Leon Foundation Post-Doctoral Fellowship. ~\$26,000/yr
- 2009-10 University of Pretoria Post-Doctoral Research Fellowship. ~\$22,000/yr
- 2008 Cave Conservancy Foundation Ph.D. Fellowship. \$15,000
- 2007 American Society of Mammalogists Fellowship in Mammalogy. \$18,000

#### TEACHING EXPERIENCE:

##### Lecture:

- 2018 Calling Shenanigans in Science, Policy, and the Media
- 2014 & 2018 Philosophy of Science, Statistics, and Publishing in Ecology
- 2015-2018 Mammalogy
- 2012-2018 Wildlife Techniques
- 2017 Ecology
- 2016 Sophomore Seminar
- 2011-2012 Mammal Ecology, University of Pretoria
- 2010 Co-Leader, Honour’s Degree Discussion Course, University of Pretoria

##### Laboratory:

Teaching Assistant for Ecology, Mammalogy, Principles of Biology, Organismic,

Biology II for majors, Identification of Woody Plants, Introductory Biology for non-majors, and Big Game Management

#### UNIVERSITY SERVICE:

2014-2016	Center for Ecology Distinguished Speaker Selection Committee
2014-2016	Teaching Technology Mentor for the Department of Zoology
2013-2015	Graduate Education Committee, Department of Zoology
2012-2013	Ad-hoc committee for faculty search

#### PROFESSIONAL ACTIVITY AND SERVICE:

##### Society Service:

2017	Member of the Mammal Endangered Species Technical Advisory Committee for the Illinois Endangered Species Protection Board
2017	Advisory Board Member: Bats Forever program of Fish and Wildlife Foundation
2014-2016	Member and Ecosystem Services Lead: Ecology and Evolution Working Group, National White-nose Syndrome Working Group
2012-2014	Board member: Midwest Bat Working Group
2008-2013	Committee member: Grants-in-Aid Committee, American Society of Mammalogists
2004-06	Committee member: Conservation Committee, American Society of Mammalogists
2003-04	Vice President of the Ozark Biological Graduate Student Association
2003	Local committee member, Annual Meeting of the Central Plains Society of Mammalogists

##### Editorships:

2010-Present	Associate Editor and Editor for Reviews, <i>Mammal Research</i>
2013-2016	Associate Editor, <i>PLoS ONE</i>
2009	Guest Editor, <i>Northeastern Naturalist</i>

##### Reviewed Manuscripts For:

Peer-reviewed Journals (59 journals in total)

Acta Chiropterologica, Acta Theriologica, American Midland Naturalist, Anatomical Record, Animal Behaviour, Animal Conservation, Annals of Applied Biology, Behaviour, Biologia, Biological Conservation, Biological Journal of the Linnean Society, Biology Letters, Central European Journal of Biology, Comparative Biochemistry and Physiology-Part A, Diversity and Distributions, Ecology and Evolution, Ecological Applications, Ecological Modelling, Ecology, Ecology Letters, Ecosphere, Ethology, Evolutionary Ecology, Folia Zoologica, Forest Ecology and Management, Frontiers in Ecology and the Environment, Functional Ecology, Global Change Biology, Global Ecology and Biogeography, Integrative and Comparative Biology, Ibis,

ILAR Journal, International Journal of Biometeorology, Journal of Animal Ecology, Journal of Comparative Physiology B, Journal of Experimental Biology, Journal of Experimental Zoology-Part A, Journal of Mammalogy, Journal of Ornithology, Journal of Theoretical Biology, Journal of Wildlife Diseases, Journal of Zoology, Methods in Ecology and Evolution, Molecular Ecology, Naturwissenschaften, Northeastern Naturalist, Northwestern Naturalist, Oecologia, Physiological and Biochemical Zoology, Physiology & Behavior, PLoS ONE, Proceedings of the Royal Society B, Scientific Reports, Southeastern Naturalist, Southwestern Naturalist, Systematic Biology, Temperature, Wildlife Research, Zoology

#### Books

Lovegrove, B. G. and A. E. McKechnie (eds.) 2008. Hypometabolism in animals: torpor, hibernation and cryobiology.

Kingston, T. and C. C. Voigt (eds.) 2014. Bats in the Anthropocene: conservation of bats in a changing world.

#### Reviewed Grant Proposals For:

American Society of Mammalogists, Bat Conservation International, Czech Science Foundation, National Geographic, National Research Foundation (South Africa), National Science Foundation, Natural Sciences and Engineering Research Council (Canada), Polish National Science Centre, United States-Israel Binational Science Foundation

#### STUDENTS SUPERVISED:

##### Post-doctoral Fellows

Jennifer Krauel: Southern Illinois University. Title: Migration of bats in the Midwestern United States. 2015.

##### Master's Degree

Nikki Walker: Southern Illinois University. Title: Community (physiological) ecology in a desert ecosystem.

Omar Morales: Southern Illinois University. Title: Predator effects on movements of small desert mammals.

Wes Holland: Southern Illinois University. Title: Evolution of skull biomechanics and venom in shrews.

Zachary Cravens: Southern Illinois University. Title: Molecular and physiological analysis of diet shifts in bats around artificial light. Graduated 2018

Michelle Wood: Southern Illinois University. Title: Coadaptation of thermoregulation and system level thermal sensitivity in endotherms. Graduated 2016

Josiah Maine: Southern Illinois University. Title: Ecosystem services provided by insectivorous bats in agriculturally dominated landscapes. Graduated 2014.

Corneile Minnaar: University of Pretoria. Title: Mechanistic model of diet selection in insectivorous bats. Graduated 2014.

Charleve Carey: Southern Illinois University. Title: Separating cutaneous and pulmonary water loss in hibernating bats. Graduated 2014.

Honour's Degree (South Africa)

Ezit Malan. University of Pretoria. Title: Examining patterns of endothermic thermoregulation in an evolutionary context. Graduated 2011.

Corneile Minnaar. University of Pretoria. Title: Bats, moths and light: testing the effect of artificial light on diet composition in insectivorous bats. Graduated 2010.

Undergraduate Research

Angelica Bahena  
Gabrielle Wetzler  
Camille Alvino  
Julie Driebergen

Served as a Committee Member for:

Jared Bilak (Ph.D.)  
Elizabeth Tristano (Ph.D.)  
Kelley Fritz. SIU (Ph.D.)  
Ryan O'Shaughnessy. SIU (Ph.D.)  
Lucas Kirschman. SIU (Ph.D.)  
Zuyi Chen SIU (Ph.D.)  
Timothy Knudson. SIU (M.S.)  
Jennie Mook. SIU (M.S.)  
Katie Heiden SIU (M.S.)  
Miranda Vesey (M.S.)

**PROFESSIONAL SOCIETIES:**

American Association for the Advancement of Science  
American Society of Mammalogists  
Central Plains Society of Mammalogists  
Indiana Academy of Science  
Midwest Bat Working Group  
North American Society for Bat Research  
North Dakota Natural Science Society  
Society for Integrative and Comparative Biology

**INVITED TESTIMONY:**

- 2011 Importance of bats to agriculture. Expert testimony before the U.S. House of Representatives, Natural Resources Committee, Subcommittee on Fisheries, Wildlife, Oceans, and Insular Affairs for the hearing “Why should we care about bats: devastating impact white-nose syndrome is having on one of nature’s best pest controllers” 24 June, 2011. C-Span coverage can be seen [here](#).

**INVITED PRESENTATIONS:**

- 2018 Bats in a human world. Departmental Seminar, Texas Tech University, Lubbock (**J. G. Boyles**)
- 2017 Bats in a human world. Departmental Seminar, Eastern Illinois University, Charleston (**J. G. Boyles**)
- 2016 Bats in a human world. Departmental Seminar, University of Maine, Orono (**J. G. Boyles**)
- 2015 Bats in a human world: ‘n kaktus in ‘n vistenk? Departmental Seminar, Nelson Mandela Metropolitan University, Port Elizabeth, South Africa (**J. G. Boyles**)
- 2013 Causes and consequences of White-nose Syndrome. Departmental Seminar, Georgia Southern University, Statesboro, Georgia (**J. G. Boyles**)
- 2012 White-nose Syndrome: An emerging epizootic of hibernating bats. Departmental Seminar, University of Illinois, Champaign-Urbana, Illinois (**J. G. Boyles**)
- 2012 Adaptive thermoregulation in endotherms. Departmental Seminar, University of Tennessee, Knoxville, Tennessee (**Boyles, J. G.**)
- 2011 Studying White-nose Syndrome in bats: A race against extinction. Departmental Seminar, Texas State University, San Marcos, Texas (**Boyles, J. G.**)
- 2011 Adaptive thermoregulation in endotherms. Departmental Seminar, University of Winnipeg, Canada (**Boyles, J. G.**)
- 2011 Adaptive thermoregulation may modify effects of climate change on endotherms. Invited Symposium Presentation, Society for Integrative and Comparative Biology Meeting. Salt Lake City, Utah (**Boyles, J. G.**, F. Seebacher, B. Smit, A. E. McKechnie)
- 2011 Energy and water conservation during hibernation and its relationship to bat conservation. Invited Symposium Presentation, Society for Integrative and Comparative Biology Meeting. Salt Lake City, Utah (Willis, C. K. R., **J. G. Boyles**, M. S. Wojciechowski, P. M. Cryan, A. Menzies)
- 2010 How hibernation increases overwinter survival and a new fungus threatens it. Keynote Speech, Gauteng and Northern Regions Bat Interest Group, Johannesburg, South Africa (**Boyles, J. G.**)
- 2009 The evolution and optimal expression of heterothermy in endotherms. Departmental Seminar, Genetics, University of Pretoria, South Africa (**Boyles, J. G.**)

- 2009 Energetics and survival during hibernation-a model without the math. Departmental Seminar, Zoology and Entomology, University of Pretoria, South Africa. (**Boyles, J. G.**)
- 2009 Can thermal refugia increase survival in white-nose affected bats? White-Nose Syndrome Webinar. (**Boyles, J. G.** and C. K. R. Willis)
- 2008 Thermal benefits of clustering during hibernation: a field test of competing hypotheses on *Myotis sodalis*. ASM Fellowship Presentation at the American Society of Mammalogists Meeting. Brookings, South Dakota (**Boyles, J. G.**)
- 2008 Energy expenditure in hibernating bats: the implications of white nose syndrome. White-Nose Syndrome Planning Meeting. Albany, New York (Tomasini, T. E., C. K. R. Willis, **J. G. Boyles**, C. Frank, J. Reichard).
- 2008 Energy limitations in cave bats as caused by white-nose syndrome. Southeastern Bat Diversity Network/Northeastern Bat Working Group meeting. Blacksburg, Virginia (**Boyles, J. G.**)
- 2007 Hibernation ecology of the Indiana bat. Indiana Department of Forestry HEE meeting. Indianapolis, Indiana (**Boyles, J. G.** and V. Brack, Jr.)
- 2004 Ecology of forest dwelling bats in Missouri. Departmental seminar at Southwest Missouri State University. Springfield, Missouri (Robbins, L. W., **J. G. Boyles**, B. M. Mormann, M. B. Milam)
